The year's tax payments, up to May 15, have reached a total of nearly half trouble and ulceration and advised an opera-tion. To this I strongly objected and decided to try Lydia E. Pinkham's Vegetable Com-pound. The ulceration quickly healed, all a million dollars. These payments, as they have come in, known and estimated, are as follows:

Total paid in 1906..... \$483,681,53 The figures for the first quarter have been completely tabulated and they

show that the \$92,937.50 were paid in by districts as follows:

\$ 92,937.50

Of the total real estate taxes made up \$9,441.48 and personal property \$2, 301.40; poll taxes \$15,244.00; road and school taxes \$30,494.00 each. The income taxes paid amounted to \$1,148.88, all paid in Honolulu except \$18.10 in Ewa and \$2.00 in Koolauloa.

AN AMERICAN REMEDY.

There is probably no medicine manufactured that can be found in more homes in the United States than Chamberlain's Colic, Cholera and Diarrhoea Remedy. It has been in general use for over thirty years and each successive epidemic of diarrhoea and dysentery during this time has tested its merit and proved its superiority over all similar preparations. The reliability and prompt cures of this remedy have won for it the confidence of many physicians who often prescribe it in their practice. No case has ever yet been reported where its use has failed to give relief. This remedy is for sale in this city by Benson, Smith & Co., Agents for Hawaii.
